FALL STOCK, 1853.—*No. 15, Fayetteville St., Raleigh.* T. R. PENTRESS is now receiving his Fall and Winter Stock of Cloths, Cassimeres and Vestings, and a superior lot of Ready-Made Clothing, to which he invites the attention of his old customers, and the public generally. Having become connected with the far-famed manufacturing establishment of Groshong and Tupman, of Newark, N. J., he is prepared to sell clothing cheaper than it can be bought elsewhere in the State, and being determined to carry into practice the old maxim of "quick sales and small profits," customers may call at No. 15, Fayetteville Street, assured that their wants can and will be supplied. The quality and style of my Ready-Made Clothing are not surpassed in this country.

FOR THE YOUTH.—In order to save both time, trouble and expense to mothers, I have introduced into my establishment a lot of Boy's Ready-Made Clothing, to which the attention of the Ladies is very respectfully called. If encouraged in this much-desired branch of my business, I shall continue to keep on hand a very great variety, for boys from 6 to 15 years of age.

The great advantage I have, from my connection with Groshong & Tupman, will enable me to keep my stock replenished, weekly, with the latest and most approved styles and fashions.

I continue, as usual, the manufacture of garments; and having in my employ first rate workmen, I promise to give satisfaction, both in quality of goods and workmanship.

Gentlemen who furnish their own goods may rely on having their work as well done as if I furnished them.

Cutting done promptly.

To my former patrons, who have stood by me for so long a time, I return my sincere thanks, and humbly trust to merit a continuance of their favors by strict attention to business. T. R. PENTRESS.

But value given in the study of the splendid specimens of LIVING ANIMALS—the hearty laugh created by the sportive jests of the world-renowned Clowns—the superb equestrianism, and the Magnificent Arena Entertainments for every dime you pay out.

"ALL WORK AND NO PLAY MAKES JACK A DULL BOY."
COME AND SEE THE BEST MENAGERIE AND CIRCUS IN EXISTENCE.

Come and see the only living specimen in America of the Huge WHITE or POLAR BEAR—weighing 700 pounds, white as a snow drift, more ferocious than even the Tiger, and untameable as the Hyena. This splendid and curious specimen in animated nature, excites attention and demands the interest of thousands of visitors, who throng to embrace the only opportunity it is likely they may ever have of beholding this terrible curiosity. His fur is from six to eight inches long, and combines the texture and appearances of the finest Lambs Wool, with the glossiness and softness of the richest silk.

Come and see the only living specimen in America of the Jet or Coal Black Indian TIGER—an animal so uncommon as to be of enormous value. Ancient Naturalists speak of the Black Tiger as existing more in immagination than reality, but modern enterprise and scientific research have not only proved the truth of his existence, but have produced a specimen of his Genus, which, is to be found in this beautiful collection and nowhere else—come and see him.

Come and see the great war Elephant Bolivar, weighing 14,000 pounds, 11½ feet high, perfectly docile, and the best performing Elephant in the world. Bolivar was captured by the British from the Siahks, at the battle of the Punjaub, transported to England and sold to the late Earl of Derby, and at the demise of the Earl he was purchased for $15,000, and placed in this collection.

Come and see the only specimen of the GRIZZLEY BEAR of California ever exhibited in the Southern country—an animal known but little to Naturalists until within the past few years. He is wonderfully ferocious, and attains so monsirous a size, that they have already been imported weighing 1200 pounds.

COME AND SEE THE KINGS AND QUEENS OF THE FOREST.

The superb LIONS and LIONNESSES, attached to this establishment. Young, freshly caged, full of life and animation, they present a splendid natural spectacle.

COME AND SEE The greatest variety of mischievious Monkeys and Babboons ever exhibited, full of tricks, grimace, agility and fun—they are a perpetual source of amusement.

COME AND SEE The wonderful nondescript, half Leopard and half Tiger—a huge animal with tremdous strength and fierceness, presumed to be the only "lussus naturæ" of the kind in existence.

COME AND SEE The beautiful and stately Alapacca of the East—the great bearded Syrian Camel of the desert, and the beautiful spotted Ocelot of Mexico and Peru—the sprightly Kannaroo, of New Holland, and the gorgeous South American and Arabian ostriches—the untamed striped and spotted Hyenas—the varied plumaged Gold and Silver Pheasants, the Adjutant or Fabled Stark—and be sure to come and see the BLACK AND WHITE SWANS, together with a host of other smaller specimens too numerous to mention.

COME AND SEE

PROSPECTUS OF THE NORTH CAROLINA STATESMAN.—The undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of THE NORTH CAROLINA STATESMAN, a semi-weekly, and weekly paper devoted to Politics, News, and Miscellaneous subjects, and respectfully solicit for it, a share of the patronage of the Democratic party, their friends, and the public.

Invited by many leading persons of the States Rights Republican party, to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of government, and inspired with a sincere desire to serve that party, and advance its interests, we propose to issue a paper at the seat of the State Government. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who may choose to enter into fair competition. The propagation of the principles of our party is a duty at once important, and to us, peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a Journal conducted with fairness and discretion—uninfluenced by selfishness and devoted to principle, may secure sufficient patronage, without interfering with the claims or rights of any, now prosecuting the same great work.

Although mainly devoted to the discussion of such political questions, as they arise, which affect the welfare of North Carolina, whether relating to the Federal, or State governments or such local interests, as may be of importance, it is nevertheless intended to make the *Statesman* a Medium of General Intelligence. Accordingly the state of the *Markets* in the principal cities, to which our commerce goes, shall be fully and accurately reported, nor will the attention of the conductors be less addressed to the subject of *Internal Improvements*, as a means indispensable to the developement of the Mineral and Agricultural resources of the State. These interests of primary importance, shall always command their fullest attention. To this, they propose to add, carefully selected and original *Literary* matter. Being strictly conservative, they propose to avail themselves of all the lights of experience in that progress, which promises the advancement of the interests of North Carolina.

The general objects of the proposed paper being thus clearly indicated, it may not be amiss briefly to state the particular views which are to be sustained by it as a political journal.

1st. Our purpose being to publish a paper purely democratic, according to the *straitest* requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense,—an organization which originates in the popular will expressed by the people in their primary assemblies, and which has been so successfully introduced among the Democracy of many of the other States—by which *the rank and file* of the party, are in fact, those who indicate its decisions, and being all brought into action express their will imperatively, thus, by open and fair dealing commanding respect and obedience—an organization of the people, and not of intriguers; restoring power to those who by sufferance have tolerated its temporary usurpation.

2nd. The Democratic party shall always find in us advocates of their right to select their standard-bearers, and to command acquiescence, in decisions made by conventions fairly elected in their primary meetings. Standing upon the good old State's Rights platform of '98 we shall resolutely oppose all Government corporations created by Congress for the purpose of Internal Improvement, the regulation of Finance or any other measure inconsistent with the Rights of the States.

3rd. Believing that the platform adopted by the late Baltimore convention contains the democratic creed, they expect cordially to sustain the present Administration, trusting that the policy adopted by those who compose it, will be regulated by the cardinal doctrines of the American Democracy.

4th. They will advocate all the measures of Internal Improvement as promised by judicious prosecution to promote the interests of the people and diffuse the benefits of a system already enjoyed by portions of the State.

5th. The disposition of the Public Lands being a question of the most absorbing interest, we believe it should be at once met and settled. The unjust and unequal legislation of Congress, in relation to those lands and the large and frequent appropriations made to the new States, indicate a final departure from the old and wise policy of appropiating the proceeds of their sales to the payment of the public debt, and the expenses of the Government. It has for some time ceased to be either a subject of hope or expectation that there will ever be a return to a policy which had so much to recommend it. Believing that this system of squandering and prodigality is not only to continue but to grow worse, we shall protest against it, and assert the right of the old States to their equitable share of the lands which remain. The power *"to dispose of* the Public Lands being explicitly declared in the Constitution, the exercise of that power is a question of policy both as to the time and the mode. Believing as we do, that it has become the settled policy of Congress to squander the Public Lands, we adopt the patriotic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and Democrats should protest and demand North Carolina's share of the public domain."

6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national honor.

TERMS—For the Semi-weekly, $4 per annum; and for the Weekly, $2, payment in advance.

Communications should be addressed to "The Editors of the North Carolina Statesman, Raleigh, N. C."

RALEIGH, SATURDAY, OCT. 29, 1853.

MR. VENABLE—THE PRESS, &c.

It is known to many—and we now come forward to make the fact known to more—that Mr. Venable, though he has received ardent support and many favors from the Editorial profession of the country, is nevertheless in the habit of speaking in unkind and disrespectful terms of the press, and of boasting of the triumphs which he has achieved over it. While in Congress he assailed both Mr. Ritchie and Mr. Donelson, of the Union, as good and sound Democrats as he was, to say the least; and he takes peculiar pride in declaring that he bearded these gentlemen and brought them to terms. We said Mr. Ritchie is as sound a Democrat as Mr. Venable *was;* but this is weak language when applied to Thomas Ritchie. He is the Nestor not only of Editors but of Democrats; and when his epitaph is written, the world may well exclaim, "we ne'er shall look upon his like again."

Indeed, Mr. Venable appears somehow or other to act upon the idea that it is his mission to go up and down the land demolishing Editors and newspapers. During his late campaign he not only freely denounced such Democrats as Asa Biggs, but he characterized in the bitterest terms every Democratic press in the State which dared to question the correctness or propriety of his course as a public man. The Editor of this journal incurred, of course, a large share of his denunciations, and this too, we believe, before we had taken ground against him. He said *he* was not to be controlled, or dictated to, or put down by sheets of paper smeared with ink, or by type-stickers, ink-daubers, &c.—as if any one had sought to dictate to or put him down; and this too when the very presses opposed to him had taken their course reluctantly and only as a last resort. Our course in the late campaign was adopted under strong convictions of duty. We had no alternative, when a Whig came out, but to go for that Democrat who stood upon the State and Baltimore platforms. We had warned the party solemnly of the danger they were incurring by not holding a Convention; and no Convention being held, we were compelled, under the circumstances—all other considerations aside—to regard that candidate as the strongest man who agreed with the party on organization, on the Cuban and land questions, and not Mr. Venable, who had spoken with contempt of Conventions of the party, and who was substantially with the Whigs on both the questions just referred to. If we had remained silent we should have proved ourselves an unworthy sentinel; if we had gone for the candidate *not* upon the platforms, we should have shown little respect for our party by assuming that such a candidate was the strong

REMOVAL OF COLLECTOR BRONSON.

The President, through the Secretary of the Treasury, has removed Mr. Greene C. Bronson from his place as Collector of the port of New York. We concur with the Richmond Enquirer, "that the removal of Collector Bronson would be the consequence of his recent letter of defiance to the President, is what every person with a just sense of propriety must have expected. It is incompatible with the dignity of the Executive to retain subordinates in office who manifest no sort of respect for their superiors. The letter of Mr. Bronson was an appeal to faction against the policy of the Administration, and was manifestly designed as a challenge to the President. The President is right in dismissing Bronson, and the country will sustain him. This prompt, bold and just measure illustrates his energy of character and will inspire ardour and confidence in the bosom of his friends. The timid may falter, and the treacherous may desert, but honest Democrats will stand by the President in his struggle with faction. For a time no doubt the rage of faction will fill the country with its infuriate yells, but, the ebullition over, returning reason will vindicate the President and cover the traitors with merited contempt."

[From the Washington Union. Oct. 23.]

SATURDAY MORNING, October 22.

SIR: Recently I addressed a letter to Collector Bronson and other officers of the customs in the city New York.

By some means an imperfect copy of that letter, purporting to have been communicated from New York by telegraph, was published in one of the papers of this city.

This rendered it proper for me to give the public a correct copy; and upon the ground of that publication, under such circumstances, Collector Bronson published his long delayed reply, even before the original reached me.

Under these circumstances, I deem it proper to transmit to you for publication the enclosed letter.

Very respectfully, JAMES GUTHRIE.

WASHINGTON, OCT. 22, 1853.

SIR: I have received your letter of the 27th inst.

It is not my purpose to respond to the many positions of that letter, because most of them bear their contradiction upon its face, and others are too unimportant to require refutation; and also because, while, in several phrases of it, admitting your implied obligation, as a man of honor, to act in accordance with the known policy of the Administration, and, moreover, recognising the propriety and justice of that policy by declaring that you yourself deprecated and endeavored to prevent the division now existing in the Democratic party in your State, you nevertheless indulged in a tenor of remark, as to various relations of the subject, which not only impugns my motives, but indicates an attitude on your part wholly incompatible with harmonious co-operation between us, and the proper conduct of the business of the Government.

One suggestion appears in your letter which demands animadversion. You allege, by implication, that I have desired you to appoint free soilers to office, and, in doing so, you strangely misunderstand or misinterpret my letter of the 3d instant. I neither entertained nor expressed any such desire. It has been my pleasure and my duty, not to inquire into the opinions which may have been held by yourself and others as far back as the year 1848, but to regard the claims to consideration of all who have acted with fidelity to the principles and organization of the democratic party since the convention at Baltimore in 1852, and those only. And with these views, I must condemn your course when in this letter you inform me that you have selected free-soilers for office, without having given me the notice of the fact, which would have enabled me to withhold my approbation from any such appointments. I will add, that the imputation that I have required you to act with reference to controversies of a local or State character, is wholly gratuitous. My letter was intended to guard you against distinctions between democrats, founded upon local politics and local divisions.

The concluding portion of your letter has left me no alternative but to lay the whole matter before the President, and take his direction concerning it.

You assume that in relation to certain things you are to receive instructions from this department, and in others that you are to proceed without, or contrary to, such instructions. This cannot be admitted in any branch of the public service; for where the department is not expressly empowered to give instructions to subordinates, it has the authority to do so, as inherent in the power to remove a refractory officer.

You also assume that you are to appoint the various persons employed in the custom-house—some, as you admit, subject to my approval, and others, as you seem to conceive, on your sole authority. I cannot but regard it as singular that a gentleman of your legal acquirements and experience should have fallen into such an error. The constitution of the U. States has empowered Congress to confer the appointment of inferior officers' in the President alone, in the courts of law, or in the heads of departments." Congress has not attempted, nor, if it had, could it have effected, any modification of this provision of the constitution.

Those who are employed under you in the Custom-House do, both by the Constitution and the laws, derive their appointment and their authority as public officers from the Secretary of the Treasury alone.

What the language and temper of your letter would have rendered embarrassing, these unwarrantable assumptions, marked as they are by a manifest spirit of insubordination, render impossible—namely, your continuance in the office of Collector of the District of New York. I am, therefore, directed by the President to say that your successor in the office will be promptly appointed.

I have the honor to be, very respectfully,
JAMES GUTHRIE.

GREENE C. BRONSON, Esq., New York.

The first letter of Mr. Guthrie, it is seen, was imperfectly published, and though not designed for the papers, he was thus constrained to give to the public a correct copy.

President Pierce was elected upon the basis of a complete cessation of the slavery agitation; and he was supported by the Democrats of New York without regard to their past opinions and position on this question. His course in relation to New York Democrats is but the legitimate result of his position in the campaign; and we are at a loss to perceive how any one can reasonably, having all the facts in view, condemn him for this course.

The foregoing letter of Mr. Guthrie is just what might have been expected of the Administration by its real friends in all quarters. The Administration has been charged with having taken sides with the Barnburners in New York and against the Hunkers, when the truth is it has taken sides with neither, but has endeavored to confine itself in its appointments to the Democratic party proper, without reference to these unfortunate divisions. This is clearly shown in Mr. Guthrie's letter, and he distinctly and emphatically tells Mr. Bronson that he *condemns his course in appointing freesoilers to office.* We shall see whether the Raleigh Register, and other Southern Whig papers which have been falsely charging the Administration with freesoil tendencies, will have the fairness to lay Mr. Guthrie's letter before their readers.

Herman J. Redfield, who has been appointed to succeed Mr. Bronson, was one of the Cass Electors for the State in 1848, and has been noted, since then, as being one of the most ultra anti-Van Buren politicians in the State.

SNOW STORM. Early Monday morning, it commenced to rain at Philadelphia, which subsequently changed to snow, mingled with rain and hail, melting as it fell, except on the roofs of houses, which were covered to the depth of nearly an inch. The trees on Chesnut and other streets and in the public squares, though some of them partially green, were bending with snow. The atmosphere was quite cold, and the day altogether would have done no discredit to mid-winter.

OUR RECENT VISIT TO RALEIGH.

Our funny neighbor of the *Intelligencer*, has, in the kindest manner, undertaken to chronicle the incidents attending our first night in the "City of Oaks;" and had he carried the matter further, by describing all that we did and saw, during our recent visit to that delightful place, we should have been saved the trouble of recording, as we now propose to do, the results of the expedition. Our neighbor being in Petersburg all the time, might not have been able to perform the task as truthfully as ourselves, but his account would have been so much more facetious and imaginative than our own, that we regret he did not honor us by playing the part of historiographer to our adventures.

Of the journey out to Raleigh we need only say that it contained little beyond the usual experience of railway travel. Our friends Messrs. Bird and Branch, of the two lines of road between Petersburg and the capital of the Old North State, being "fast men," we got along at a pretty rapid pace from depot to depot, very frequently realizing the speed of Sam Weller on his remarkable ride to Ipswich, when "surrounding hobjects was rendered hinwisible by the extreme velocity."

As we approached the point of our destination, the cars began to be more and more crowded with pilgrims to the Fair, and we entered Raleigh with a number of passengers such as has never gone along the line before since it was a railroad. But talking of crowds—did'nt the streets of Raleigh next morning display something of a gathering? If North Carolina has been asleep for twenty years like Rip Van Winkle, as some who laugh at her say, she was wide enough awake then. Every body—indeed all the world, and his wife seemed to be there. We have seen some animated and gay sights in our day, but nothing to what we witnessed on that occasion. And right proud might the good old North State be of such an assemblage of her citizens—the substantial yeomanry of the soil, the intelligent representatives of that noble profession, Agriculture—coming together to celebrate one of its galadays, and bringing with them their wives and daughters to set off the scene with their radiant attractions. (Of the ladies, bless their souls! we shall say more anon.) Such re-unions are far better—they a possess a higher significance than the throngs which convene to see a horse-race or a balloon ascension. There is a moral purpose in the object that lends an interest to the whole affair beyond the more holiday shows of any people. The French Emperor may get up great *fetes* to console his *bourgeoisie* for the loss of their freedom—he may construct pasteboard Alps, to be ascended by automatic Napoleons in the blaze of a thousand pieces of fire-works, and collect vast crowds to gaze upon the mimic glories of the *spectacle*; but he cannot with all his money, bring together such a gathering as that we saw at Raleigh. When France, if she ever does, shall witness the like, despotism will have passed from her sunny clime forever.

We hope no one who has read our remarks up to this point will expect us to describe the articles on exhibition at the North Carolina State Fair. It would be a matter of simple impossibility. Such miraculous machines, such various vegetables, such superior Southdowns, such excellent Devons, such high-mettled horses, we never saw before. Through the grounds we went, (accompanied by Moore, of the News, and Whitaker, of the Giraffe,) finding at every step something more remarkable than what we had just left behind us, till at last fatigued with looking at prodigies of stock and marvels of growth, we turned to see what "Old Virginny never tires" of admiring. We went to see the show at Floral Hall.

And what was that? By my faith, Sir, it was a show of the "Flowers of Loveliness." The roses were pretty and the fruits were luscious, which had blossomed on bush, and ripened on bough, to decorate that Hall, but what comparison did they stand to the bright beings, with cheeks more beauteous in tint than the rose-leaf, smoother to the eye than the peach. He will be a happy man who shall discover how smooth is one of those cheeks to the lip. Yes, whenever North Carolina gets up an exhibition of its productions, let the ladies not be forgotten, *and put us down for a front seat*? A daguerreotype of that scene would be worth hanging up in the editor's sanctum. There is a picture in the *Princess*, by Tennyson, that to some extent resembles what it was—

——from the illumined hall
Long leaves of splendor slanted o'er a press
Of snowy shoulders, thick as herded ewes,
And rainbow robes, and gems and gemlike eyes,
And gold and golden heads; they to and fro
Fluctuated, as flowers in storm, some red, some pale—

but the fair daughters of North Carolina were unlike the attendants of the Amazonian beauty, Lady Pschye, and wore their attractions with a simplicity as charming as it was unconscious.

We came away from Raleigh largely indebted to the editorial fraternity, for kindly and hospitable treatment, and we can only hope to catch some of them, one of these days in Petersburg—that's all.

Mr. Holden, the able editor of the Standard, gave a delightful entertainment on Wednesday evening last, and we had the pleasure of meeting at it many of the most distinguisned gentlemen of the State. The Raleigh Press was well represented by Mr. Gales, of the Register, Mr. Doub, of the Star, and the Messrs. Cooke and Waddell, of the Southern Weekly Post. We must not fail to state that we met here also Mr. Cameron who is soon to edit a paper at Beaufort, N. C., to be called the "Halcyon." Mr. C. we found to be a most pleasant and well informed gentleman. We wish him much success in his contemplated enterprise. We lent our editorial assistance to them in doing full justice to the excellent entertainment provided by Mr. Holden.

On Thursday we accepted a polite invitation from Mayor Haywood, and spent a couple of hours at his residence in the most agreeable manner. It was here that we partook of a most delicious fruit cake, made by his Honor's good lady. In this particular, we do not think Mrs. H. can be excelled anywhere.

On Thursday evening we sipped a cup of tea with our excellent friend P. F. Pescud, Esq., formerly of this city. We met at Mr. P.'s with a young lady of this city, and spent a most agreeable evening.

We write of these things, now that we have got back to the humdrum occupations of our sanctum, with a heavy heart and frequent sigh, that, as human joys are fleeting, Fairs cannot last always, and that our whole life cannot be such a dream of delights, of good dinners, of excellent suppers, of kind friends and of Floral Halls.

We commisserate our neighbor of the Intelligencer who did not get to Raleigh at all. Poor fellow! no wonder he tried, in the very greenness of impotent envy, to amuse himself at our expense, and wrote that dreadfully funny thing about our Shanghais. But we respect his feelings, and will not go too far in reminding him of what he lost in not visiting the Fair. Next time, he will be apt to go.

Many matters not mentioned in this article came under our observation at Raleigh, which we may touch upon hereafter. To do so now, would stretch our article (already long) to too great a length for the columns of the "Express." *Petersburg Express.*

THE NORTH CAROLINA STATESMAN. We have received and will publish at our earliest convenience the Prospectus of a new weekly and semi-weekly paper, to be called the "North Carolina Statesman," the publication of which is to be commenced on the first day of January next, at Raleigh, N. C., by E. Cantwell and W. Whitaker, Esq's. We refrain from any serious comment upon the political course indicated by the Prospectus until we can publish that document itself. Mr. Cantwell, who, we presume, will be the Editor, brings to his task scholarship and ability as a writer; Mr. Whitaker is a practical Printer, and, we believe, a clever fellow. In a pecuniary point of view we wish the enterprize the utmost success; in a political one, we cannot, since the proposed paper is to occupy the same ground which the "Free Press" did here during the campaign between Messrs. Ashe and Leak. Apart from what we must regard as radical unsoundness upon the distribution question, the "Statesman" will, no doubt, be able and interesting. *Wil. Journal.*

Hon. D. M. Barringer and Henry W. Miller, Esq., have been spoken of as Whig candidates for Governor.

No one has been proposed, as yet, by the Democracy, as the proper person to be run for Governor. In due time, they will have a candidate in the field, that will beat any man the Whigs may choose to start. "Truth is mighty and will prevail." Democratic principles are right, and we have a majority of Democrats in the State; therefore, the election of a Democrat for Governor of North Carolina, in 1854, is certain. We expect to carry the State by thousands. Also, to elect a majority of Democrats in both branches of the Legislature. *Halifax Republican.*

AGRICULTURAL FAIR. Last Friday and Saturday were the days set apart for the First Annual Fair of the Buncombe County Agricultural Society. The weather was fine, and the interest manifested considerable. There was a great deal of fine stock exhibited, and many articles of mecanical production that were highly creditable to the skill and taste of our citizens.

We were pleased to note the evident improvement in the stock of the country, made during the ten years last part. The stock exhibited would have done no discredit to any country. Finer horses, mules, hogs, and cattle, cannot be found any where. It was not so once, and we well remember the time. Our people *have* been improving, and the display on Saturday demonstrated it.

We append the award of premiums, and think it is about correct. We were not present, however, and the list may be incorrect in some particulars.

N. W. Woodfin received the premium for the best crop of corn. The yield to the acre we understand was 149 bushels. What county can beat this? And why should our people leave Buncombe in search of better lands when such crops can be made by proper culture at home?

N. W. Woodfin—for the best Work Oxen and best Milch cow.
David C. Taylor—for the best Upper and Sole Leather, and best dressed Sheep Skin.
Mrs. D. C. Taylor—for the best Butter.
J. W. Woodfin—for the best saddle Horse.
" " " for the best Boar.
" " " for the best Hogs.
Montraville Patton—for the best Bull Calf.
James W. Patton—for the best Bull.
" " " for the best young Calf.
Michael Luther—for the best Stallion.
John P. Smith—for the best two year old Mules.
Peter Plemmons—for the best Mule Colt.
A. M. Alexander—for the best Brood Mare.
J. R. Osborne—for the best Sheep.
Col. Thos. T. Patton—for the best Wheat Crop. Forty bushels to the acre was the yield.
Col. T. T. Patton—for the best specimen of Indian Corn.
Thomas Goodlake—for the fattest and best butchered Beef. We make our acknowledgements to Mr. G. for a handsome portion of *that* "premium beef." It was duly discussed in "committee of the whole," and pronounced good, very good.
Mrs. Mills—for the handsomest Bed Quilt.
Mr. Mills—for the best pair of Boots.
A. T. Summey—for the best Beets.

There were many fine specimens, aside from those which received the premiums. All could not be successful, of course; and no doubt the various awarding committees did as near right as possible. Let none be discouraged because they failed this time, but resolve to do a *little* better for the next Fair, and the prize may be their's.

The next Annual Fair, we have no doubt, will elicit increased attention, and this really important step to benefit the country be participated in by all. *Asheville News.*

THE CORN TRADE. The accounts from all parts of the kingdom confirm what has been previously stated as to the deficiency in the yield of wheat, and the value of all kinds of provisions will rule high all through the winter. Our French neighbors are evidently under great apprehension of scarcity, and we learn that the government had decreed that the prohibition against the export of grain be extended to the 31st of July, 1854. The export of potatoes had also been forbidden. This latter circumstance will, no doubt, have some influence on our market, as we have lately received good supplies of that article from France. The position of affairs here, and on the Continent, does not, therefore, afford grounds for concluding that the upward movement in wheat has yet reached its maximum, and many holders are sanguine as to a considerably higher range of prices. The excitement has of late been greater in the country than in London, and ours is now one of the quietest markets in the kingdom. At Mark lane yesterday there was a small show of wheat from the neighboring counties, which induced factors to ask higher prices. The demand was not so active as of late; indeed the millers were evidently averse to paying any further advance, and they succeeded ultimately in purchasing on terms similar to those current on that day week. There was some demand for new for seed, and a few picked lots commanded very full terms. The arrivals of wheat from abroad have for several days past been quite trifling, and the probability is that we shall have no immediate increase in the supplies. In the absence of fresh arrivals there was no pressure to sell from on board ship, and for granaried parcels very high prices were asked. Buyers acted with more caution than of late, but they could not buy cheaper, and we consider quotations quite as high as on Monday week. There were but few offers of floating cargoes, either from the Baltic or Black Sea. Towards the end of market there was an improved inquiry, owing, it was said to the receipt of a telegraphic despatch of a warlike character from Turkey. Quotations of town made flour underwent no change; the demand was rather languid. American was in fair request, and realized the extreme terms of last week. English barley hardly sold so well as of late; there was a slight increase in the supply, and only a small proportion of the same consisted of fine quality. Foreign barley for grinding was sought after, and its previous value was in some cases rather exceeded. Malt sold quite as well as previously. The arrivals of oats coastwise and from Ireland were quite insignificant, and only one small cargo was received from abroad. There was not so much life in trade yesterday as about the middle of last week, but the rise then established was well supported, and we must quote prices at least 1s. per quarter higher than on that day week. Beans were about 1s. and peas 2s. to 3s. per quarter dearer. Indian corn was held with increased firmness, and seeds were generally dearer. *London Gazette, 4th, P. M.*

"If he (Mr. Dix) can succeed in vindicating his position and showing that he is no abolitionist and free-soiler, then he will be able to make the American people believe that there never was anything like the Buffalo platform, upon which it is notorious Mr. Dix took his stand side by side with that prince of political jugglers, Martin Van Buren. When will wonders cease? *Raleigh Star.*

We cannot pretend to say when wonders will cease—but we can tell the Star when they will *begin* to astonish the world anew.

When the Scott and Seward journals can convince the American people that they sincerely repent for the free soil heresies which afflicted them a few moths ago.

When they will vindicate the truth of history by showing to the world how "Mr. Dix took his stand side by side with the prince of" orators, Mr. Webster, on the Buffalo Platform, and record the great Expounder's declaration that the free soilers had stolen their sentiments from the Northern Whigs, and that the Buffalo platform met the unqualified approbation of the Northern Whigs.

Finally, when they shall have resuscitated the carcass of that hybrid monster of a party, formed from the harmonious elements of Canada annexation—Bankrupt laws, and hostility to Southern institutions, which was so effectually crushed by the people last fall, we may expect to see the age of wonders begin again. *Asheville News.*

SUPERINTENDENT OF THE LUNATIC ASYLUM. We learn that Dr. E. C. Fisher, of Virginia, has been appointed superintendent of the North Carolina Lunatic Asylum. *Standard.*

Is it not a little strange that we should be dependent upon another State for a Superintendent for the Lunatic Asylum, or indeed, for an incumbent for any other office in this State? Are there no physicians in North Carolina capable of performing the duties of Superintendent of that Institution whose services could be obtained? We have seen somewhere a statement that the situation was offered to two physicians of the State upon condition that they should reside at the Asylum, and that finally, it was tendered to and accepted by, Dr. Fisher without the condition. Why was this? Neither we nor the people of the State may obtain any satisfactory answers to these queries, yet we have a perfect right to ask them and we will ask them, whether they are answered or not.

We laud the munificent spirit in which that institution has been erected, but must confess that we feel a little chagrined at the intimation made in this appointment that we have not a man in our own State capable of performing the duty of superintending it. *Warrenton News.*

Arrival of the Steamer Isabel at Charleston from Havana.—The Northern Light put into Norfolk with $1500,000 in Gold.—Mad. Sontag soon to be in Richmond.—The Markets, &c., &c.

CHARLESTON, Oct. 25th, 1853.

The steamer Isabel arrived in this city to-day, with Havana dates up to the 22d inst. She brings accounts of the recent raging of a very severe storm along the whole Southern coast, particularly at the Island of St. Thomas. The steamer Conway was nearly sunk.

NORFOLK, Oct. 25th, 1853.

The steamship Northern Light, put in at this port to-day, short of coal and provisions. She brings San Francisco dates to the 1st inst., together with a million and a half of dollars in gold. Her news is of an unimportant character.

NEW YORK, Oct. 25th, 1853.

Madame Sontag has been very successful in this city. She will be in Richmond in a few days.

MARKETS. There were sales to-day of twenty thousand barrels of Flour, State brands were lower. Southern unchanged. Sixty thousand bushels of white Wheat changed hands at $1 54 per bushel. Mixed Corn 77; Yellow 80.

BALTIMORE, Oct. 25th, 1853.

Sales to-day of three thousand barrels of flour at $6 25. Grain was heavy.

The Fires in the Woods near Detroit.

DETROIT, Oct. 23. The fires in the woods and marshes continue to rage without cessation. There was a slight sprinkling of rain to-day, but not enough to do good, and the sky is again clear. Families are coming into the city hourly, having been burnt out of their farms.

Destructive Fire.

COOPERSTOWN, N. Y. Oct 24. The Cooper Hotel in this place, formerly the residence of J. Fennimore Cooper, was destroyed by fire last night. Only a portion of the furniture was saved. The building was insured for $35,000. The fire was communicated by an incendiary.

Destructive Fire.

NEW YORK, Oct. 24. The spacious and magnificent Fort Hamilton House at Fort Hamilton, was totally destroyed by fire last night. Only a portion of the furniture was saved. The building was insured for $35,000. The fire was the work of an incendiary.

VESSELS IN DISTRESS—OUR HARBOR. Every hard blow, such as we had last week, offers additional arguments in favor of the appropriation by Congress of the means necessary to construct the works at the mouth of our river, calculated to render it available as a harbor of refuge for all classes of vessels traversing our coasts. At the present writing there are some six to eight vessels in the Cape Fear which have put in here in distress on account of the recent severity of the weather, and the injuries they have received; and such is always the case, after or during storms, and will always continue to be, protected, as our entrance is, by Cape Fear and the shoals. But the value of this harbor to the trade of the country is very greatly restricted by the obstructions at its mouth, and will continue to be so restricted until the proper measures have been taken for the removal of these obstructions. Certainly *this* is a national and not a local view, and in this view, of which almost daily experience proves the correctness, we have a right, under any, even the most rigid construction of the constitution, to expect aid from Congress. We might speak of the many artificial and perhaps unnecessary harbors of refuge on the Lakes, and ask why our natural and indispensable harbor here should be neglected; but we will confine ourselves simply to urging our own claims, without instituting comparisons with those of others, which are always odious. Congress will meet in about six weeks. We think we can pledge to our immediate representative the active co-operation of the whole N. C. Delegation in Congress; and, of *his* interest in the matter, there can be no doubt. In the meantime, we would urge upon the Chamber of Commerce, under the supervision of which body it most directly comes, the collection and preparation of such statistics of trade and other matters pertaining to our port as may be necessary to strengthen the hands of our friends in Congress, and enable them to move at an early day in the session. This consideration of the importance of the river as a harbor of refuge should not be neglected, and in urging it, essential strength might be derived from a knowledge of the number of vessels which had sought refuge within a given time. A list of these, with some statement of the circumstances, would certainly be useful. Let all those interested directly or indirectly be up and moving in time. The town, through her citizens, has gone into the improvement, and must push it; and Congress ought to see it through, and it must be urged and still more urged. We want to keep it before the people so far as we can. We know that our town cotemporaries will do the same, and we hope for an active expression of opinion from the State at large.

PLOUGHING AND MANURING. At the recent Agricultural Fair, at Hampstead, Long Island, Professor Mapes said:

"High farming is not ornamental farming; it is deep ploughing and increased manuring. This is what pays the greatest profit. Who ever heard of a crop suffering from drought in a field well drained and sub-soiled, say two feet deep? The atmosphere gives out its moisture in sub-soiled land, and keeps the crops growing. Look at such land and see the results, compared with shallow ploughing. Many men have a better farm under the one they plough than that on the surface. Oats never lodge on land where they can get soluble silex to make strong straw. They cannot get it in shallow ploughed land that has been long in use. Two dollars an acre will give him plenty of soluble silex. No matter what the subsoil is, it will be benefitted if it is dry by subsoiling. Hill tops are benefitted by sub-soiling and draining, for it lets in the air. It makes crops earlier, and thus they escape the frost. The most gravelly land is benefitted. A subsoiled meadow never "runs out." There is no fear of deep ploughing gravelly lands; manures do not reach downward; that notion is a fallacy. To prove it, dig in your barnyard, and you will find it has not made the hard subsoil rich. Root crops are not appropriated as they should be. Cattle may be fattened on roots cheaper than you can feed them on hay in the winter. One bushel of carrots, fed with oats, are worth more than oats to horses. You can raise a thousand bushels of carrots to the acre, worth fifty cents a bushel for feed. Carrots are equal for cows in winter to clover in May."

COMMON SCHOOLS. Mr. Wiley, General Superintendent of Common Schools for the State, has written and published another letter on the subject of Common Schools, addressed to his Excellency, Gov. Reid, in which he alludes to the main obstacles that have hitherto operated against the full success of our system. The first and most prominent mentioned by Mr. Wiley, is the error that has obtained in the minds of our citizens, that the Common School fund was designed as a State *charity*, for the benefit of the "common people." He very truthfully argues that the prevalence of this opinion has done more to retard the progress of popular education in the State than any other one thing. If, as Mr. Wiley, suggests, those of our citizens, who occupy in their neighborhoods, conspicuous positions in point of wealth or intelligence, would take hold of the matter and show that they felt an interest in the Schools in their vicinity, much good would be accomplished, indeed the system would soon become all that its most ardent advocates ever claimed for it. We think it would be a good plan to have these letters published in pamphlet form for general distribution. *Warrenton News.*

TOBACCO AND FROST. A correspondent from Franklin writes us, that the Tobacco crop of that county is both the lightest and most indifferent which has been gathered for twenty years. Not more than one-third of the usual crop was planted in the early seasons, which was nearly destroyed by the dry weather of the mid-summer weeks. The early frosts also cut short the plantings of the latter seasons, and thus he concludes, that in quality and quantity, the crop for that county will be at least one-third below the usual standard.

In Floyd county, which is beginning to be a tobacco planting section, the crop is materially injured. *Lynchburg Virginian.*

The Counties of Jackson, Madison and Yadkin will receive their portion from the Counties from which they were respectively formed.

It will be perceived that the Counties which have had pupils at the Deaf and Dumb Institute for the year ending in 1853, and which have failed to pay the tax of seventy-five dollars for the support and education of each, have had the same deducted, according to act of Assembly, from the amounts to which they are respectively entitled.

The Board not having yet been able to procure a satisfactory estimate of the population of that portion of Buncombe attached to Henderson by the act passed at the last session of the General Assembly, have made the distribution according to the last census, and request the Board of Superintendents of the former County to pay over to the Board of Superintendents of the latter County such sum as they may agree upon as proper for the population detached. 99—2t.

THE GLOBE: THE OFFICIAL PAPER OF CONGRESS, AND NEWSPAPER FOR THE PEOPLE.—It will be seen by the annexed extract from a letter of Gen. Washington to David Stewart, dated New York, 17th March, 1790, that the idea of such a paper as I propose to make the Globe originated in the mind of the Father of his Country. He said:

"It is to be lamented that the editors of the different Gazettes in the Union do not more generally and more correctly (instead of stuffing their papers with scurrility and nonsensical declamation, which few would read if they were apprised of the contents) publish the debates in Congress on all great national questions. The principles upon which the difference of opinion arises, as well as the decisions, would then come fully before the public, and afford the best data for its judgment."—*Sparks's Writings of Washington, vol. 10, p. 84.*

THE DAILY GLOBE AND THE CONGRESSIONAL GLOBE. In surrendering my interest in the organ of a great political party, I cherished the purpose of continuing the Congressional Globe, and, if possible, in time, to perfect it into a full history of the action of Congress, giving the debates accurately and fully with the proceedings—all stamped with the verity of an official record. From the passage in the letter of General Washington, which I have quoted, it will be perceived that he thought this office might be combined with that of a regular newspaper; and it is certain that the avidity of the public for news of the less important kind greatly contributes to give wings to the weightier matter which may be called Congressional news.

Having succeeded in my purpose of perfecting the reports of the debates in Congress and giving them the official stamp, I now propose to send them abroad, in connection with the news of the day, in such haste as shall outstrip full and accurate intelligence sent from the seat of Government in any other form whatever. It will even anticipate the scraps of news forwarded to cities within two hundred and fifty miles of Washington by telegraph. Before the events thus transmitted are published in the morning papers, (for instance, of the city of New York,) the Globe containing them will have reached the post office of that city by the Express Mail of the previous night. The process by which this will be effected I now lay before the public.

I will have a corps of sixteen Reporters in Congress; each in succession will take notes during five minutes, then retire, prepare them for the Press, put them slip by slip in the hands of compositors, and thus, while a debate is going on in Congress, it will be put in type, and in a few minutes after it is ended it will be in print. I shall by this means be enabled to send by the Express Mail of 5 o'clock p. m. for the East, West, and North, and by that of 9 o'clock p. m. for the South, all the proceedings of Congress up to the ordinary hour of adjournment. Thus the accurate debates of Congress will reach the cities two hundred and fifty miles from the Capitol before their daily morning papers are in circulation.

The miscellaneous news I shall be careful to gather from

FALL TRADE, 1853.—BOOTS & SHOES.—THE GREAT RIVALRY; Or, WHO SHALL CONTROL THE NORFOLK SHOE MARKET, AT WHOLESALE?—Some years ago the Proprietor of the famous Ladies' Shoe Saloon put in his claim to do a large share of this particular branch of the Shoe business, by importing one of the LARGEST STOCKS OF BOOTS AND SHOES which had ever been sent to Norfolk. Since then, at each successive season, our stock has gradually increased until the present time, and now we do a larger business than any other house in Eastern Virginia.
The Ladies' Saloon was first established about twelve years ago, and the Store has been repeatedly altered and enlarged to make room for Mr. ADDINGTON'S increasing trade, until now the old Store can be no longer enlarged. He has recently built for himself one of the largest Stores for his business in the United States.
The New Store is four times as large as the old one, so that hereafter we shall be prepared with the goods to do the largest Boot and Shoe Trade done in the State of Virginia.
(A complete description of this splendid new Store will be given about the 15th of July, when it will be opened.)
At the commencement of each season we have on hand from ☞ $80,000 to $100,000 worth of BOOTS and SHOES, while we constantly receive heavy shipments of goods during its continuance. Our success has indeed been signal, and why? Because we have always conducted our business on equitable principles, mutually benefiting the seller and the buyer.
This success is truly flattering to us, insomuch we intend to make still larger additions to our stock, and therefore invite all Country Merchants and Shoe Dealers to come and deal for the future with us at the new store.
HUNDREDS OF MERCHANTS have already availed themselves of our invitation, who return and buy goods at each season, saying, "they can do better at the LADIES' SALOON *than they can do at the North.*" We guarantee to sell at least 5 per cent. less than others, and to sell goods which will suit the retail trade of Virginia and North-Carolina Merchants better than any they may purchase elsewhere. The Stock consists in part of—
Gentlemen's Fine Boots and Shoes, of every fashionable variety,
Ladies' Gaiter Boots, Jenny Linds, and other celebrated styles,
Men's Calf-skin Brogans, of every variety,
" " Boots, " "
" Kip Brogans, " "
" " Boots, " "
" Coarse, Thick Brogans, for Negroes,
" " Boots, "
Dutch Women's Brogans, for outdoor Women, Field hands, and for Cooks,
Women's Leather Bootees, for House Servants, &c.
" Shoes of every kind and quality,
Boys' Rip and Coarse Boots and Shoes of all kinds,
Misses' and Children's Shoes of all kinds, over 100 different varieties.
The attention of Country Merchants is invited to this immence Stock of Boots, Shoes and Brogans, at the Ladies' Saloon, where they can buy every article wanted by them at the lowest wholesale prices, thereby saving themselves the trouble and expense of going to the North for their supplies.
TERMS—SIX MONTHS CREDIT.
☞ The Ladies' Saloon is on Main Street, near Walters' City Hotel.

There has never been any thing like them out before, and as we are the Agents for the Manufacturer no other dealer in Norfolk or in the States of Virginia and North Carolina can sell them unless purchased through our House.
The Merchants of Norfolk, Portsmouth, Petersburg and Richmond as well as those country Merchants from Virginia and North Carolina can be supplied at Manufacturers' prices at the Ladies' Saloon, with the goods from this celebrated Factory. They are superior in point of durability, beauty and style to any others that are now made in this country.

IMPORTANT TO BUILDERS AND HOUSE-CARPENTERS.—The patent right of Short's window sash, so universally introduced in the Northern Cities, is for sale by the subscriber.
